DETAILED ACTION

1. Applicant's election without traverse of claims 1-10 in the reply filed on 6/25/2002 is acknowledged.
2. This application contains claims 11-25 and 31-34 are drawn to an invention nonelected with traverse in dated 6/25/2002. A complete reply to the final rejection must include cancellation of nonelected claims or other appropriate action (37 CFR 1.144) See MPEP § 821.01.

Claim Rejections - 35 USC § 112

3. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.
4. Claims 1-10 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Following the decision of Ex parte Lyell, a single claim may not be directed to more than one statutory invention. In this case, the preamble of claim 1 is directed to a product, yet the limitations are directed to both a product and a method. The method step includes a member generating and transmitting data. Therefore, the claim is indefinite. The enterprise resource (erp) planning system of claim 1 is indefinite in scope. It is not clear what functionality is essential to this system nor is it clear what component make up this system, nor is it clear where it resides and is configured, particularly with respect to the system of the preamble.

The applicant is encouraged to contact the examiner for assistance in drafting the claims.

Claim Rejections - 35 USC § 102

5. Claim 1-10 is rejected under 35 U.S.C. 102(a) as anticipated by or, in the alternative, under 35 U.S.C. 103(a) as obvious over Press Release of 1999.

The applicant argues that the press release, dated August 1999, does not qualify under 35 U.S.C. 102(b) and is correct. The rejection has been amended to one under 102(a).

The applicant should file an affidavit under 37 CFR 1.131.
